To Management
of the Village of Bourbonnais
Bourbonnais, Illinois

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Bourbonnais for the year ended April 30, 2022, and have issued our report thereon dated November 16, 2022. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

In planning and performing our audit, we considered the Village of Bourbonnais' internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the Village of Bourbonnais' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Village of Bourbonnais' internal control over financial reporting.

During our audit, we noted a certain matter involving operational matters that are presented for your consideration. The following is a description of the matter noted:

Uncollateralized Deposits

During our audit, we noted the Village had deposits in excess of FDIC insurance coverage with no additional collateral. As of April 30, 2022, uncollateralized deposits totaled \$1,637,701. The Village maintains various accounts with six different financial institutions. Per FDIC rules, Governments receive \$250,000 of coverage for all time/savings deposits, \$250,000 of coverage for all demand deposits, and \$250,000 of coverage for each bondholder for accounts restricted by a bond indenture.

The Village's General Fund checking account, Asset Seizure accounts, ARPA operating account, Impact Fund checking account, along with the Motor Fuel Tax Fund, all interest-bearing accounts not restricted by a bond indenture, had a combined balance of \$1,887,701 on April 30, 2022, of which \$250,000 was covered by FDIC insurance. The Village had not requested additional collateral from the financial institutions to secure these funds.
